

February 2010 Newsletter

West Creston Fire Protection Society

The West Creston Fire Protection Society (W.C.F.P.S.) will be starting up for the 2010 fire season, on March 1st. With a very low snow pack, forest fires could be a real threat to our community this year.

It is important for residents of West Creston to be aware of fire restrictions rules, as they come into effect. Last year the B.C. Government was imposing fines for infractions, so when in doubt on the regulations, check out our website for the latest up dates. www.westcrestonfires.info

The fire Protection Society's mandate is to help protect the community, in the event of a wild fire. We are not trained nor do we have the proper equipped to fight structure fires. As volunteers, we will make every effort possible to prevent a structure fire from spreading and endangering the rest of our Community.

The call out service for W. C. F. P. S. will also come into effect on March 1st for **EMERGENCY FIRE RESPONSE** call **250-402-9779**.
